

Ceres Integrated WMS-OMS-PSS Solution

Simplify Your Operations – Boost Efficiency – Scale with Ease

Ceres WMS is designed for small to mid-sized manufacturing businesses, co-packers, fabrication shops, and machine shops that need a powerful yet simple solution for managing inventory, orders, and production - all without the cost and complexity of a full ERP system. Designed by users for users, our platform is tailored to meet real-world operational needs with intuitive functionality and seamless integration. By integrating Order Management (OMS), Warehouse Management (WMS), and Production Scheduling (PSS), we provide a seamless platform that optimizes your operations from order to delivery.

Why Choose Ceres WMS?

- ✓ **Streamlined Warehouse Operations:** Manage inventory, track stock movements, and fulfill orders with an intuitive system that keeps your operations running smoothly. Minimize waste and ensure compliance with proactive expiration alerts.
- ✓ **Integrated Production Scheduling (PSS) and Bill of Materials (BOM):** Coordinate manufacturing tasks efficiently with warehouse operations. Schedule production, allocate resources, and prioritize orders for a smooth workflow. Maintain and track Bill of Materials to streamline production planning.
- ✓ **Real-Time Inventory Control:** Gain full visibility into inventory levels and locations, reducing stockouts and minimizing excess inventory.
- ✓ **Quality Control, Vendor Validation & Product Traceability:** Monitor quality control, vendor validation, track batch numbers, and ensure compliance with regulatory standards throughout your supply chain.
- ✓ **Powerful Dashboards & Workflow Automation:** Access real-time analytics and automate approvals for orders, inventory allocation, shipping, and returns, saving you time and effort.
- ✓ **Seamless Order & Customer Management:** Capture, process, and track customer orders within the WMS, integrating ordering with warehouse workflows.
- ✓ **Scalable & Cost-Effective:** Grow your business without limits. Our transparent pricing ensures you only pay for the users you need.
- ✓ **Dedicated Support:** We are here to help every step of the way, from implementation to ongoing optimization.
